SHOW COOKING HINTS

- READ SCHEDULE CAREFULLY -

Chocolate Cake – Fine soft texture. Blend cocoa with a little hot water and cool before adding to mixture.

Chocolate/Apricot Balls – Place on appropriate plate/bowl size

Orange Cake – Fine even texture, even golden brown surface, well flavoured with orange. Rind can be used.

Cup Cakes – Moist, fine texture, nice peak to rise above paper.

Plain Sponge – No butter. Two layers of identical thickness, weigh each tin to obtain same amount in each. Should be pale in colour, light and soft in texture, not sticky and no cooler marks.

Scones – Dainty 5cm rounds. Uniform shape and colouring, free from excess flour. DON'T screw cutter, select scones from the first rolling of dough.

Fruit Cake – Cut all fruit to size of a currant. Square tins with straight sides to be used. Paper lining 5cm above tin, use hands to mix ingredients. Don't scrape sides of bowl and put last bit on top of cake mixture. Too hot an oven causes cracks, wrap cake in tin foil immediately after taking cake from oven and allow to cool. Remove cake from tin next day and re-wrap in foil to store.

Bumping tin on table a few times helps remove air bubbles before cooking for fruit cakes and plum puddings. Make 21 days before Show.

- Jams** – Jars of Jam must have preserve covers only not screw top lids
- Ensure that any mould and any black sticky rings or marks have been removed.
 - Ensure jars are filled to near capacity level.
 - Attend to details like presentation of jars - making sure that jars have been cleaned, old sticky labels removed etc.
